You've worked hard for what you have. Your house is more than a place for your things. It's your home. We help protect your home and other personal property with the right coverage.

About Buckeye Insurance

We are a full service independent agency specializing in individual and business insurance. We tailor every insurance policy to meet your individual family or business needs. With over 18 years experience in the insurance industry, professionals at Buckeye Insurance will work with you by reviewing, researching and comparing multiple carriers policy coverage and rates to find the ideal solution for you. We will analyze your personal risks and develop a solution to protect you and your family at low, competitive prices.

Excellent Customer Service

Excellent customer service is the cornerstone of our business. We understand the importance of providing the best possible insurance coverage, but more importantly, ensuring excellent customer service and the handling of claims in the event your insurance is needed.

We only partner with preferred carriers that deliver 24-hours a day, 7 days a week claims service, and unlike other agencies, we promise to go the extra mile in satisfying your insurance needs, with a personal touch. Over 97% of our customers renew their insurance with us because of our personalized customer service, competitive rates and product knowledge.

We work for you and your interests, not the insurance company. We will ensure the very best coverage at a price you can afford.

"We go the extra mile with superior customer service. Give us a chance to earn your business." — **Sherry Hoskins, Agent**

"The Buckeye Lady" sherry.hoskins@buckeyeinsurance.net
